

Coiled Tubing Units

Based on cooperation with international partners and our own innovation, we have mastered core components (injector head, reels) and system integration engineering and manufacturing technologies. Now we can provide series truck-mounted, trailer-mounted and skid-mounted, 130~380 kN coiled tubing units. Our CTUs have been widely used in domestic markets, and exported to International market in batch.

SLG380 coiled tubing units
(main unit plus auxiliary unit)

Control and power pack skid

Injector head skid

Reels skid

Coiled Tubing Units (truck-mounted/trailer-mounted/skid-mounted)

Model	Max. rated pull kN(lbs)	Max. snubbing capacity kN(lbs)	Injector head
SLG130	127(28000)	63.5(14000)	SZR130
SLG180	180(40000)	90(20000)	SZR180
SLG230	227(50000)	113.5(25000)	SZR230
SLG290	290(65000)	145(32500)	SZR290
SLG380	380(85000)	190(42500)	SZR380

SLG290 coiled tubing units (main unit plus auxiliary unit)
